

CAPITOL HEALTH EXPANDS RADIOLOGY BUSINESS

The Company is pleased to announce that it will open a new radiology clinic in Melbourne during October. The new clinic named “**Moreland Radiology**” will be located in Brunswick, north of the Melbourne CBD, and is part of the group’s planned expansion through new sites, acquisitions, and organic growth.

The clinic will provide X-ray, Ultrasound, and CT services to patients. A new Radiologist will also join the group with the opening of the new facility, adding to our growing clinical team. This will provide further capacity for group expansion with the ability to bolt on additional revenue from tele-radiology at other clinics and support new acquisitions.

The new site will be funded through existing cashflow and facilities, and planned first year contribution to earnings is expected to be accretive to earnings per share (EPS).
